## INTRODUCTION

---

The Office of Financial Accountability (hereinafter referred to as “OFA”) has completed a monitoring review of Nashville CARES. A monitoring review is substantially less in scope than an audit. The OFA did not audit the financial statements and, accordingly, does not express an opinion or any assurances regarding the financial statements of the Nashville CARES or any of its component units. The OFA is responsible for the internal monitoring of Metropolitan Government of Nashville and Davidson County (hereinafter referred to as “Metro”) agencies that receive federal and state financial assistance, including cooperative agreements and non-profit organizations that receive appropriations and Community Enhancement Funds from Metro government. In summary, any agreement(s) that imposes performance and/or financial requirements on Metro government is subject to review by the OFA.

The purpose of this review was to assess the agency’s compliance with contractual requirements set forth in the following contract with Metro Government:

<b>Contract</b>	<b>Type</b>	<b>Amount</b>	<b>Contact Term</b>	
L-3411	Community Enhancement Funds	\$113,200	July 1, 2015	June 30, 2016

### **Agency Background**

Nashville CARES is a non-profit agency that promotes and participates in a comprehensive response to HIV/AIDS in Middle Tennessee. The agency was established in 1985 by a group of volunteers who recognized the need for community education about AIDS and for services to help those living with HIV/AIDS survive with independence and dignity. Its purpose is to educate the community for increased understanding and prevention of HIV transmission, to advocate for responsible public policy, and to provide services that improve the quality of life for people with HIV/AIDS and their families. Each year, Nashville CARES educates 50,000 adults and youth to prevent new HIV infections, provides 12,000 HIV tests, and offers comprehensive support to 2,400 men, women and children living with HIV/AIDS.

## OBJECTIVES, SCOPE AND METHODOLOGY

---

The objectives of our review were:

- 1) To determine whether the agency had the resources and capacity to administer the grant funds.
- 2) To determine if costs and services were allowable and eligible.
- 3) To verify that program objectives were met.
- 4) To test the reliability of the financial and programmatic reporting.
- 5) To verify contractual compliance.

The scope of our review was limited to the contract term July 1, 2015 through June 30, 2016.

The monitoring review procedures included meeting with agency management and staff, reviewing board minutes and obtaining written representations from management. In addition, we examined certain financial records and supporting documentation necessary to ensure compliance with contractual requirements set forth in contract L-3411. Specific procedures included:

- Interviewing the employees responsible for grant management, financial reporting and accountability.
- Reviewing supporting documentation of expenditures for allowability, necessity and reasonableness.
- Reviewing the agency's general ledger and verifying the accuracy of all invoices submitted to Metro.
- Reviewing documentation to determine that funds were used for intended beneficiaries and expended in accordance with the spending plan of the contract.
- Reviewing documentation to support program activities for consistency with grant requirements.
- Assessing the financial stability of the agency and its ability to continue to administer the grant program funded by Metro.

## RESULTS OF REVIEW

---

The overall results of the monitoring review are provided in this section. Results are based on testwork performed and include conclusions regarding specific review objectives and, if applicable, recommendations for improvement and an action plan for implementation. Where applicable, the Findings and Recommendations section of this report provides more insight into any issues identified below.

### **1. Sufficient Resources and Capacity to Administer Grant Funds**

Our review of the agency's accounting system and the qualifications of the individuals assigned to manage the accounting records indicate that the agency possesses the necessary resources and professional expertise to effectively administer the grant funds.

### **2. Allowable and Eligible Costs and Services**

Our review covered all of the core compliance areas identified by 2 CFR Part 200: *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*.

Additionally, the Metro Grants Manual requires separate accounting of the Metropolitan Nashville Government grant funds to prevent co-mingling of Metro Funds with other sources of funding. The agency was in compliance with this requirement. Different revenue classes as well as expenditure classes have been established to separately track the sources and amounts of funding. Also, the agency can easily and accurately report their expenses supported by the Metro grant.

Based on our test work, costs and services during the period were allowable and eligible.

### **3. Program and Performance Objectives**

The contract stipulates that the agency shall use the funds to provide the following outcomes:

## RESULTS OF REVIEW

---

- 1) A minimum of 375 (unduplicated) Davidson County residents living with HIV/AIDS (PLWHA) who are at risk of homelessness, will be provided case management services in conjunction with housing/financial assistance
- 2) At least 85% (318 of 375) PLWHA will improve their health status and HIV disease management by achieving one or more of the following:
  - i. maintaining or improving housing stability,
  - ii. decreased reporting of signs and symptoms of illness or health related limitations,
  - iii. maintaining adherence to medical/treatment plan,
  - iv. keeping medical appointments and/or using home-based medical services,
  - v. maintaining medication adherence,
  - vi. developing and maintaining a healthy nutrition plan.
- 3) Direct financial assistance will be provided to at least 140 PLWHA to address financial and housing crisis that result from the PLWHA's un/under-employment or general economic vulnerability. Direct support will include payments for mortgage, rent and utilities (electric/gas/water).

Based on our review of program documentation and discussions with staff, program performance objectives failed to meet program objective number 3 and the agency was not in compliance with contractual program objectives. See finding #1 for more details.

### **4. Reliability of Financial and Programmatic Reporting**

The contract requires submission of an annual audit report performed by a Certified Public Accountant. The contract also requires the agency to submit to Metro year end reports of the program outcome and a final expenditures report, no more than 45 days after the close of the contract.

We reviewed all applicable financial and programmatic reports required by the contract, including audited financial statements. Based on our review, the agency complied with all financial and programmatic reporting requirements.

## RESULTS OF REVIEW

---

### **5. Civil Rights Requirements**

Our review did not reveal anything to indicate that the agency was noncompliant with civil rights requirements. The agency also has necessary written policies and procedures relating to civil rights. The agency has not received any complaints regarding any form of discrimination. Further, civil rights and ADA postings are publicly displayed.

### **1. Program Objectives Not Met**

#### **Finding**

The Nashville CARES failed to meet program objective #3 as stated in the scope of services of the grant contract.

- Objective #3, states that “direct financial assistance will be provided to at least 140 PLWHA to address financial and housing crisis that result from the PLWHA’s un/under-employment or general economic vulnerability. Direct support will include payments for mortgage, rent and utilities (electric/gas/water).”

Based upon documentation provided, the OFA determined that agency provided direct financial assistance to eighty-five (85) individuals and not the required one hundred forty (140), which represents only 61% of the expected outcome.

#### **Recommendation**

The Nashville CARES should take the necessary steps to ensure that program objectives are met and adequately documented.

#### **Corrective Action Plan Required**

Please submit a corrective action plan indicating the actions the agency intends to take to correct the findings identified in this report. The corrective action plan should be submitted within 14 days from the report date to the address below:
